To participate in the BGE Smart Energy Savers Program®, equipment must be installed in a facility with a commercial or industrial BGE electric account number located in the state of Maryland. Participants receiving discounts may include business customers of BGE and/or Service Providers. Participants are not eligible to receive additional utility program incentives through the BGE Smart Energy Savers Program® or another EmPOWER Maryland program for the same equipment. A sales order verification or site inspection may occur to verify purchase and/or installation of equipment. Failure to comply with program terms and conditions can result in incentive forfeiture and jeopardize future eligibility in BGE Smart Energy Savers Program®

EmPOWER MARYLAND

EmPOWER Maryland Programs are funded by a charge on your energy bill. EmPOWER programs can help you reduce your energy consumption and save you money. to learn more about EmPOWER and how you can participate, go to bgesmartenergy.com/business
